

# AI Challenge Series – Event #1

From Code to Clarity – Generate a Product Spec with AI

## Overview

Welcome to the **first event** of the AI Challenge Series!

This is an **open, individual challenge** where participants will use AI tools to **generate a Product Specification Document (PSD)** from a provided codebase.

*A Product Specification Document (PSD) is a clear, structured document that defines what a product is, what it should do, and how it should behave. It acts as a bridge between stakeholders (like product owners, designers, developers, and testers) to ensure everyone understands the product's purpose, scope, and requirements.*

## Objective

- Use **AI tools** (like ChatGPT, Claude, Gemini, etc.) to understand the given codebase.
- Generate a **clear, complete, and correct Product Specification Document (PSD)**.
- Prepare a **write-up of your AI journey** to the solution. (How you used AI. What prompts you used.)
- Submit your PSD and the journey write-up to complete your participation.

## Challenge Timeline

- **Start Date:** 11th July 2025 @ 6pm
  - **End Date:** 21st July 2025
  - **Duration:** 10 days
- Small, consistent effort daily is encouraged!

## Participation Guidelines

- **Open to all Talentica employees & Contractors** – No registration needed.
- **Individual participation only** – No teams.
- Submit your PSD in docx (MS Word) format
  - PSD\_[employee-code]\_[firstname]\_[lastname].docx  
Example: **PDS\_965\_John\_Doe.docx**
- Submit your write-up in docx (MS Word) format
  - Journey\_[employee-code]\_[firstname]\_[lastname].docx  
Example: **Journey\_965\_John\_Doe.docx**
- Upload your submission here:  
 <https://forms.office.com/r/FewZXkKhvJ>

## What You'll Receive

- A runnable codebase.
- Instructions on how to run and explore the app will be in the codebase.
- You are encouraged to use **any AI tool** to analyse and extract product-level understanding.

## Evaluation Criteria

*Includes but not limited to*

- Product Overview & Purpose
- Functional Requirements
- User Stories
- Non-Functional Requirements

## Communication & Announcements

- Exciting prizes for winners will be announced via Yammer within a few days post event.
